

# PILLAR CHURCH

Knowing Jesus... Making Him Known

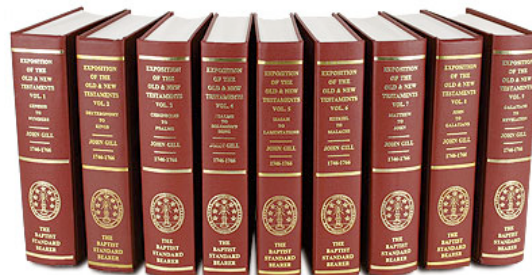

The following items are things that would enhance the ministry of Pillar church in great ways. Unfortunately Pillar Church doesn't currently have the resources to purchase these items. The purpose of this hand out is to inform you of the needs that exist and to encourage you to pray that God would provide them for us.

## Trailer Graphics - \$600

Pillar Church doesn't have a building but we do have huge box on wheels. We are praying that God would provide the money to turn our box into a billboard.

## Bible Commentaries - \$605

A pastor without commentaries is like a carpenter without a hammer. We are praying that God would provide the following commentaries and books for those who teach at Pillar Church and in our church plants.

Expositors Bible Commentary (12 Volumes) \$129

Tyndale Old & New Testament Commentary (48 Volumes) \$475

More On Back

### **Church Nursery Pagers - \$1500**

Our Children's ministry is growing and with the growth comes the need to provide an added level of security. A pagers system (similar to one you

would use at a restaurant) will give parents peace-of-mind knowing they can be immediately notified if they are needed. The pager also provides the children's ministry staff with the assurance that they are matching the right kids up with the right parents at the conclusion of the service. We need 20 pagers to accommodate the children currently attending Pillar Church each Sunday.

### **Notebook Computer - \$400**

We are in need of a new or used laptop with 3 GHz Intel Pentium 4 or Equivalent and at least 1 GB of RAM. The computer will be used to prepare and present our Sunday morning media shout presentations. These presentations include both the music, sermon notes and announcements.

### **Roadside Sign - \$450**

Pillar Church has a roadside sign on the corner of Rt. 1 and Wayside Drive just one mile from our meeting location. Our current sign is small and difficult to read from the road. We would like to replace this sign with a simple, larger sign like the one pictured below. If we could replace this sign we could move the old sign to a new location and double the amount of impressions we give on the roadway. The sign we currently have brings more visitors to the church than any other form of advertisement that we do. Improving our signage is sure to increase the amount of visitors we have.

---

Thank you for taking the time to look over these requests  
If you would like to provide one or more of these items you can send your tax-deductible contribution to our administrative offices at:
